## FAVRE, LaBRUZZO REIGN AS KING AND QUEEN OF SJA FESTIVAL

May Rose LaBruzzo was the radiant May Queen Saturday night at the SJA May Festival. Gregory Favre, selected by the Queen, held sway with her over her court of "Tulip Time," the theme of the ball.

Miss LaBruzzo, a senior student, was crowned in a full skirted frock of white with a tulle over white satin. A rhinestone studded band forming an oval neckline was met at the top of the fitted bodice by a princess panel of white lace embroidered in designs of rhinestones.

Her long white satin train was embroidered with pink sequins. The shirring formed half-circles in which rhinestones were embroidered. The edge of the train had an applique inset of lace encrusted with pink sequins and rhinestones.

The Queen's tiara and scepter were fashioned of rhinestones in a delicate design, with three fragile white orchids attached to the scepter.

## Bay High Prom Held Friday

On last Friday evening, the Bay High Junior Prom, sponsored by the Junior Class, was held at the Yacht Club. Miss Ina Marie and Anita Ladner, King and Queen of the Prom, were crowned. The event was a great success, with many guests and a large attendance.

The theme "Starry, Starry Sky" was very effectively carried out. The club was decorated to represent a starry sky. Hundreds of glowing stars hung from the ceiling.

A pointed set depicted a starry sky reaching to the stars with a large yellow moon coming out of the clouds. At the top of each star column was a cloud of angel hair.

Music was furnished by Leland's orchestra, and delicious refreshments were served by the refreshment committee.

The prom was formally opened by Kent Solter, president of the Junior Class, who welcomed the guests on behalf of his class. The response was given by Billy Burrows, president of the Senior Class. A short song was staggered throughout the evening by Master of Ceremonies, Christopher Bill. The theme song "Starry, Starry Sky" was sung by Ray and Anita Ladner.

Class 1. Hats made of fruit, foliage or vegetable material, but not used for decorating hats. (This class may be used.) Ribbons, lace and veiling may also be used.

Class 2. Pretty hats using hand-made flowers.

Class 3. Pretty hats using ready-made flowers.

Class 4. Comical or unusual hats using either hand-made or ready-made flowers.

## HALL NOVEL TO BE ON SALE SOON IN BAY ST. LOUIS

Miss Gertrude Hall's novel, "Haze On Rampart Street," will be in Bay St. Louis within a few days.

A local department store will handle the sale of the books.

Miss Hall was born in New Orleans, Nov. 24, 1918. After her graduation from John McDonogh High School where she was an honor student, she was offered a scholarship to LSU. However, she chose to go to Sophie Newcomb College for women. In her sophomore year she transferred to Tulane University. She was graduated with a BA degree in 1947. Since then she has done graduate work at Mississippi Southern College at Hattiesburg.

At Tulane a romance developed between the then Gertrude Brockman and the captain of the football, a Texan, Norman B. Hall Jr. The young couple were married in the exclusive Orleans Club in New Orleans, with the whole first string of the football team as members of the wedding party.

The Halls have one daughter. At present Mrs. Hall teaches English and is librarian at Bay High School. She also is Waveland correspondent for the Hancock County Eagle.

Her hobbies include designing and making her own clothes and writing.

## Larry Scharff Named To Fraternal Organization

The lusty and brutal, the love and sacrifice of the people who helped to write one of the most thrilling pages in the history of the Last Frontier, and especially of a woman outlaw and 500 desperate men who were caged up with her in a desert outpost, is pictured with full dramatic power in "Devil's Canyon," which comes to the Star Theatre on Sunday and Monday, May 9-10.

Presented by Howard Hughes and photographed in Technicolor, this RKO Radio production co-stars Virginia Mayo, Dale Robertson, Stephen McNally and Arthur Hunnicutt. Prominent in the large supporting list are Robert Keith, Jay C. Flippen, George J. Lewis and James Bell.

The story, frankly fictional but based upon incidents which occurred in Arizona Territory just prior to the turn of the century and which are well known to historians, deals with the horrors and heartbreaks that befell a notorious but beautiful gunsman, a former US Marshal and a killer-crazy love-selves into a thrilling and spectacular climax.

## Scholarships For Nurse Training Being Offered

The nurses training program of the Coast Venture No. 251, The American Legion, announces that applications will be accepted for young ladies who are desirous of becoming graduate nurses.

Written application will be accepted by Laurel Dickson, PO Box 328, Bay St. Louis, commitment from this county, from any high school graduate between the ages of 18 and 25 who desires to enter training as a nurse but who is unable to defray the cost of such education.

Applicants must be single and should reside within a reasonable distance of Bay St. Louis.

Applicants will be required to supply character references, family history, transcript of education records, and other pertinent information to guide the committee in making a final selection.

The scholarships will permit those selected to apply for training in any approved school of nursing in Mississippi. Applications must be in the hands of the committee not later than June 15, and may be submitted to the committee member at any time.

It is suggested that prospective applicants contact committee member Dickson and discuss requirements before submitting applications. Only formal applications will be considered in the final selection, and these will be investigated and receive the careful consideration of the committee.

## Church Bazaar

The Church of Jesus Latter Day Saints will hold their annual Church Bazaar Saturday, May 8, at 3 p.m. at the chapel, Bayou LaCade community.

## Students May Enter Flounder Roundup Says Local Legion

Boys and Girls attending school may enter the Legion's big Flounder Roundup next week if they are in a position to enter the contest. The contest is being held by the local Legion, and it is hoped that many of the students will come out and enjoy the contest.

The contest is being held by the local Legion, and it is hoped that many of the students will come out and enjoy the contest.

There will be a "couple's" award of \$10 for first prize and \$5 for second prize in addition to the other prizes. Prizes given by the Clement R. Camps Post 149.

According to Bourgeois, several business people offered to contribute to the cost of the Flounder Roundup.

It was pointed out to Legionnaires at a recent meeting that the business people of the community had supported every Legion project in the past and it was not necessary to call for aid at this time, he said.

Legion members voted to defray the entire expense of the event rather than burden the local business people with another call for a donation when many requests were being made at this time, Bourgeois explained.

One of the most important times of the event is that all flounders must be speared between 7 p.m. and 11 p.m. on the night of May 14.

This type of fishing is popular with many local fishermen, who already are spearing and lighting. The present state of this equipment in the state will be shorted, since new stocks are arriving daily and it is felt that an adequate supply will be available before the date of the roundup.

Moderately priced sandwiches and other refreshments will be served starting at 6 p.m. by members of the Legion Auxiliary.

Registration for the event will start at 6 p.m. May 14 at the Legion Home.

## Scouts Hold Investiture

Investiture ceremonies for Brownie Scouts were held at 3:30 p.m. Monday, May 3 at the KC Hall.

The Rev. Charles Schultz opened the ceremonies with a prayer.

Troop 2, headed by Mrs. Dennis Tankel and Mrs. George Kramer, sang the greeting song. This troop was awarded 120 membership pennants.

Carl Stewart of Troop 2 was awarded a Girl Scout Bracelet for selling the largest number of boxes of cookies during the cookie sale, and a number of the girls receive ribbons for selling more than 24 boxes.

Troop 5, headed by Mrs. Rosalee Ensign and Mrs. Althea Helm, presented a Brownie play.

From this troop Peggy Jean Monti received the bracelet for selling the largest amount of cookies, and a number of the girls received ribbons for selling more than 24 boxes.

Also awarded were 22 pins and 7 membership pennants.

Clara Kay Miller and Carolyn Maurer, Girl Scouts, presented the Girl Scout Log and Oath.

Ceremonies were closed with the forming of the Friendship circle and a prayer delivered by Rev. John Robinson.

## PHENOMENON OF SHATTERING GLASS IS STILL UNEXPLAINED

M. G. Gilmore ponders the \$60 question "What happened to his back glass?"

The phenomenon of shattered window glass recently on an automobile in New Orleans was repeated on the Coast last week.

A 1951 Chrysler sedan, driven by Mrs. M. A. Gilmore, is pictured with the rear glass shattered in millions of tiny fragments.

Mrs. Gilmore, who is connected with the Edgewater Hotel was told one day last week that her car, which was parked on the hotel grounds, was the object of curiosity of nearly a hundred people gathered around it. Going down into the yard to where the car was parked, Mrs. Gilmore, with the others, watched as the glass continued to crackle and shatter. No holes appeared, and only the rear glass was affected.

This strange phenomena, which has been reported occurring recently in numerous sections, seems to be affecting glasses in cars that are several years old, and reportedly only the rear glass is affected.

In New Orleans investigation as to possible causes of the shattering glass was made, but so far nothing has been uncovered to explain the mystery of the occurrence.

## Holy Name Society To Honor Mothers Sunday

Members of the Holy Name Society will receive Holy Communion Sunday, May 9 Mothers Day, at 7 o'clock. Mass at Our Lady of the Gulf Catholic Church.

All Mothers of the Parish, members and members' wives are invited to receive these holy rites with the society. Pews will be reserved on the right middle aisle about center for wives and mothers, just behind the girls making their confirmation. Left middle aisle pews about center will be reserved for members of the Holy Name Society. The boys who will be confirmed.

All members are reminded to meet in the basement of SJA at 6:45 to leave in a procession for the church for the 7 a.m. mass.

Breakfast will be served at the parochial luncheon in the rear of the church immediately following mass, and will be for wives and members and all mothers of the parish. Coseage will be presented to wives and mothers. The men will serve the breakfast.

Members of the Holy Name Society class also are invited to the breakfast with their parents.

## BLOOD BANK MEETING TOMORROW NIGHT TO DISCUSS STORAGE

John D. Rutherford Jr., President of the Hancock County Blood Bank, announced today that a meeting will be held at 7 p.m. Friday, May 7 at the American Legion Home.

Rutherford stated that it is hoped that every representative of every organization in the community will be present at the meeting to discuss the storage of blood in New Orleans for Hancock County residents.

The director of the blood bank at Foundation Hospital in New Orleans, Stewart E. Jagers, will be at the meeting to offer the facilities of that hospital to the blood bank committee here, according to Rutherford.

Rutherford added that a full attendance of all members of all committees from participating organizations should be present to accept or decline this long hoped for step in the blood bank program.

President Rutherford said it is hoped that every doctor in the community attend the meeting, as well as any other citizens interested in helping advance the blood bank program.

## Ambulance Ramp Is Gift To Hospital From K. Whitfield

## Open House To Be Held Wed. May 12

A concrete ambulance ramp will be gift to the Kings Daughters Hospital by Kenneth Whitfield, it was revealed this week.

The ramp will be built in the rear of the hospital to discharge ambulance patients at the emergency receiving door. This will eliminate carrying stretchers or chair patients. A road will extend from the present building to protect the patients in bad weather.

Whitfield presented his offer at a meeting of the Board Monday morning. He previously had conferred with the Commission Council, who agreed to post signs on Carroll Ave. at the driveway of the hospital with notice of "ambulance entrance: all parking prohibited."

The hospital board has purchased a new obstetric table and a new flood light to be installed over it. Cost of the purchase was \$1,700. The increase of service in the hospital made this purchase essential. Quite often the one table has been in use when the imperative need for another arose. With this additional equipment, surgery and delivery patients may be taken care of simultaneously.

May 12 will be the date of the Open House at the hospital. As in the past, this is an occasion when donations are made for its upkeep.

Mrs. L. J. Carriere, president of the hospital board, requested that anyone wishing to contribute this year so with cash, so that the table and light may be paid for.

The public is invited to visit the hospital between 3 and 5 p.m. May 12, see to it that members, the staff and wives of medical personnel will receive all visitors and party refreshments will be served, including a luncheon cake.

The intention of the hospital has been reported and new curtains hung at the windows.

## LAKE SHORE METHODIST CHURCH DEDICATION TO BE HELD FRIDAY

The new Lakeshore Methodist Church will be dedicated Friday, May 7 at 3 p.m. Following the church dedication service, the Sunday School Annex and new Hammond organ of the Clermont Methodist Church will be dedicated at 6:30 p.m.

The Rev. Marvin A. Franklin, Area Bishop, will preside at the services. He will be assisted by the Rev. D. T. Ridgeway, District Superintendent, the Rev. W. A. Harshbarger, pastor, and the Rev. J. P. Bonnacore, associate pastor.

"We are very proud of our congregation," Rev. Bonnacore told the EAGLE this week. "In two years, the church at Lakeshore was completed and paid for. In the same length of time, two years, the Sunday School annex of the Clermont church and the purchase of the Hammond organ was financed by the generosity of the congregation."

## CREDIT RATING BUREAU OFFERING SERVICES IN HANCOCK COUNTY

A new service has been opened in Bay St. Louis by Graham J. Jagers, known as the Hancock County Credit Rating Bureau, this service will facilitate retail merchants in establishing credit ratings.

Mrs. J. C. Roland Jr. will act as manager for the business and offices are established in the building housing the Benedictine Electric Appliance Co. on Ulman Ave.

## Light Vote Tuesday In School Board Election

## Ambulance Ramp Is Gift To Hospital From K. Whitfield

## Open House To Be Held Wed. May 12

Mrs. C. C. McDonald Sr. carried beat five by almost 3 to 1 Tuesday in the special election to select members of the school board under the new school legislation. Mrs. Louis Bristow was victorious in Beat 1 by nearly 2 to 1 and Dolph Keller was unopposed in Beat 2. Unofficial returns showed Weldon E. Shaw victor over Luis Necaise by a slim 3-vote margin in Beat 3, and E. C. Weston carried Beat 4 by a 115-vote margin.

Under the new law, the school board is responsible for the organization of all county schools. They determine the location of all new schools in the county, control all finances, operate school transportation and consolidate schools at their discretion.

The county superintendent of education, under the new setup, is no longer president of the school board, and does not have a vote in board matters. His duty is to serve as executive secretary of the board.

## Newman Club To Present Program Next Wednesday

The Junior Newman Club of Our Lady of the Gulf Church will give an interesting program next Wednesday evening at 8 p.m. in St. Joseph Auditorium. The public is cordially invited.

Special guests of the club will be the parents of the boys and girls. The program is especially designed to give the public an idea of the work accomplished this year.

## FLAG PRESENTED AT CLERMONT HARBOR SCHOOL LAST FRIDAY

The American Flag presented to the widow of the late T. J. Bourgeois II was presented by their son, T. J. Bourgeois III, to the Clermont Harbor School in ceremonies held there last Friday.

The presentation was made through the Special School Americanism Committee of the Clement R. Bontemps Post 139 with General Louis F. Guerre handling the ceremonies.

The entire student body and many visitors were present for the ceremonies which began with the Invocation by Laurent "Doc" Dickson, Legion Chaplain.

T. J. Bourgeois III, on military leave from the Army, made the presentation on behalf of his mother, Mrs. Eva Ray Usher Bourgeois and in memory of his father. The flag was accepted by school principal Mrs. Jeanne Williams.

The Flag was raised by the school Color Guard Raymond Borg and David Garcia assisted by Doc Dickson. Following the flag raising the Star Spangled Banner was sung by the students after which the entire assembly joined in the "Pledge of Allegiance."

Benediction was given by the Rev. J. P. Bonnacore.

Other Legionnaires attending the ceremonies were Fred Ansley, Eli Ortte and Gordon C. Romanoff.

### THE KING'S DAUGHTERS HOSPITAL

The following quote is taken from the April issue of the State Bulletin of the King's Daughters Organization and was written by the President of the State Organization Mrs. C. M. Richardson, Gulfport.

"Paying an unexpected visit this month to the King's Daughters Hospital in Bay St. Louis, I found the building, hospital clean, shining—Bay St. Louis should be proud of the woman who runs it."

Upon reading this tribute to the local hospital, and directly to Mrs. Myrtle Santa Cruz, superintendent, it seemed opportune to continue and give the people of Hancock County a real insight into this remarkable institution.

Several months ago this paper printed an article telling of the growth of the local hospital. We hope that all read the article.

Of all institutions in the community, the hospital serves directly the masses.

Maintained by a volunteer board, who give unstintingly of time, effort and cash, the institution has progressed from a strictly emergency treatment place to a relatively well equipped permanent treatment hospital. Approximately 75 per cent of the cases handled by the hospital are charity cases. That means that our doctors are giving proportionately 75 per cent of time and skill to patients from whom they receive no monetary compensation.

The hospital is equipped to allow the practice of surgery as well as medicine. Fine X-ray equipment has been installed and X-ray readings are done free of any charge to the hospital by Dr. E. C. Samuel, one of the outstanding X-ray specialists in the entire South and one time professor of Radiology of the Graduate School of Tulane University and Diplomat of Radiology. Money could not purchase from Dr. Samuel that which he is giving to this community.

Criticism is easy to give, and much has been given that the hospital is understaffed. Those same persons who so quickly form an opinion could stop and consider. We are a small community. There are no training centers for registered nurses. Our girls who select such a field for a career must go elsewhere. By the same yardstick, those girls and women must make a livelihood when they complete their training. Skilled services are in great demand in communities where work is steady and wages on a higher scale. Is there any wonder they do not return home to practice their nursing profession. However, with limited funds, the hospital here has maintained an experienced staff of practical nurses under the direct supervision of Mrs. Santa Cruz, who is not only a registered nurse but a fine anaesthetist. Patients do not suffer from lack of attention. And no one who has ever been confined to this hospital could ever complain of a lack of courtesy from any member of the staff. Good manners, good food and cleanliness

It is difficult to see the effects of a mild epidemic spread over the nation in the WPA days. Many of these patients affected with merriment managed to hold onto their jobs in spite of their illness but it caused the expenditure of estimates in cost of property, with many left in hospital on account of lack of funds.

### PLENTY OF ICE...

and how to make it

Here's fresh ice for the neighborhood lemonade supply. Even as the young tycoon dumps it in, more ice crescents are forming and dropping into a handy basket inside his mother's new gas refrigerator. The automatic ice-maker is but the latest of many advantages that are yours in silent gas refrigeration. At the top of the list is the dependable, low cost natural gas service which makes such wonders possible. Gas never lets you down.

Every hour of every day gas and oil producers are engaged in locating and developing

enormous new reserves of natural gas. Last year more than twice as much gas was discovered as was used. This trend has been the constant aim of your natural gas industry—to assure you dependable service, at the most reasonable rates consistent with a fair return on the investment required.

Budget-wise families agree that natural gas service is the biggest bargain in the home today—worth every cent they pay for it... and then some!

#### SALARY INCREASES

With the apparent effort of the Administration to stop the inflationary trend by raising wages, the old money wage increases in the salaries of members of Congress and Federal judges has been revived and is the subject of much discussion in those quarters.

The money wage increase to members of Congress is based, in addition to the purchasing power of the dollar, on the fact that members of Congress must maintain a certain standard of living and a lot of entertaining and a lot of travel at their own expense. Our own personal opinion is not shared. First, members of Congress are paid for the privilege of being in Congress, not for the privilege of being paid. Second, if the pay is increased the members are thereby contributing to a continuation of inflation. It is to be hoped that the members of Congress will be able to stop the inflationary trend by reducing their salaries.

We do not think that such a proposal to increase the salaries of members of Congress will prevail.

Did you ever read an article about picking out a new publisher? Anything publication that makes its name about it time and again?

Frank Edwards, reporting M & P Magazine, Editor.

Secretary of Agriculture Benson who has BULLO, says that of food in storage recently that some of the surplus has been given to the hungry. It's a wonderful gesture, not new, but still it comes from Benson, who congratulated on his NEV. Why not start with the people in our own country? Give some of this American surplus to the hungry. For thousands of hungry families in the areas where not a single family has not give some of the food surplus who are trying to keep their heads above water.

Like this old lady who from a New England state, "I am trying to live on my own. I can only exist, tasted fresh meat or butter. The papers talk about the people live longer now, should say that if people enough, they can starve to death."

Corn, wheat, cottonseed, cheese and other farm products of FOUR AND A HALF DOLLARS already, age, bought with the taxpayer AND DOING NO ONE A FAVOR. Give it to the hungry. The world, as Secretary Benson says, is not a place where the hungry live longer now, should say that if people enough, they can starve to death. The millions who helped pay the first place and share with our friends overseas.

One doesn't have to go England to the States to look for evidence of suffering lack of food. We can see here in this, our own country. When one becomes accustomed to eating a variety of food, it is so easy to forget the low across the tracks. He's on the same ration for some little fellow, usually has a support and we all know that food these days.

Hunger can do terrible things to a human being. And in times of plenty, it should not be woman or child should have the pangs of hunger.

Mr. Benson should follow.

Did you ever read an article that left you picking at you all the time? An article that should reach a larger public? Anything written for publication that makes its reader stop and think about it time and again? This is the point.

Frank Edwards, reporting in this M. & P. Magazine, February issue, "Secretary of Agriculture Ezra T. Benson, who has BILLIONS of dollars worth of food in storage, suggested recently that some of this tremendous surplus be given to the hungry people of the world. It's a wonderful suggestion, not new but startling since it comes from Benson. He is to be congratulated on his NEW look.

Why not start with the hungry people in our own country? Why not give some of this American food, paid for by American taxpayers, to the tens of thousands of hungry coal miners' families in the areas where they have not worked for many months? Why not give some of the food to the old folks who are trying to keep body and soul together on pitiful little welfare checks?

Like this old lady who writes us from a New England state. She says: "I am trying to live on \$31.80 per month. I can only exist. I haven't tasted fresh meat or butter for three weeks. The papers talk about how the people live longer nowadays. They should say that if people live long enough, they can starve to death on welfare payments."

Corn, wheat, cottonseed oil, butter, cheese and other farm products to the tune of FOUR AND A HALF BILLION DOLLARS already are in storage, bought with the taxpayers' money, AND DOING NO ONE ANY GOOD. Give it to the hungry people of the world, as Secretary Benson suggests. Certainly, and by all means start giving it to the hungry people of America, the millions who helped pay for it in the first place and share the balance with our friends overseas.

One doesn't have to go to New England or to the State of Washington for evidence of suffering through lack of food. We can see it right here in this our own communities. When one becomes accustomed to eating regularly, eating a variety of food, it is so easy to forget the little fellow across the tracks. He's been living on slim rations for some time. The little fellow usually has a family to support and we all know the price of food these days.

Hunger can do terrible things to a human being. And in this country of plenty it should not be to man, woman or child should have to suffer the pangs of hunger.

Mr. Benson should follow through on his plan. We could help feed suffering around the world. The helper in the Sunday School who taught and lived the Golden Rule. The hard-worked teacher who first thought.

## Bay St. Louis To Observe State Hospitality Month

JACKSON (Special)—Bay St. Louis was among the 115 Mississippi communities that so far have announced that they plan to actively participate during the sixth annual observance of Hospitality Month in June.

A list of the communities which reported the formation of Hospitality Month Development committees was compiled and released today by the sponsoring Mississippi Agricultural and Industrial Board.

Work kits containing suggestions for three contests—Miss Hospitality, Community Travel Development Contest, and Community Food Fight—have already been mailed by the Board's Travel Department. The kits also contain suggestions for participation and the supplies of attractive bumper stickers to be used on out-of-state cars and a new type checkbook which can be used by business firms which derive a direct source of income through tourist business.

Many of the communities are participating in the state-wide observance for the first time, an indication of the growing interest in this annual promotion designed to attract additional tourist business which last year was counted for an estimated \$271 million.

## SPORTS VIEWS and REVIEWS

BY CHRISTOPHER BELL

In their final track meeting of the season the Bay High Tigers topped Piquette and Bogalusa in a three-hur meet in Piquette April 28.

Led by Charles Moton's top pair, Bay High tallied 53 points to Piquette's 41 and Bogalusa's 27.

This was the first meet in which Bay High took first place. In their other meets they placed second and third but never first.

Coach Lusher, in a statement to this reporter, said he was sorry the season came to an end so quickly for the boys were just beginning to find their range.

Although they placed first only once in their meets they still topped one team at Gulfport, Moss Point, Piquette, Lumberton, Demonstration, Vicksburg, and many others.

The Bay Seniors lost their second straight game of the season as they were topped 12-1 by St. Augustine Seminary in a five inning tilt last Wednesday.

Seminary pitcher Ronald Joseph, hurled one-hit ball for the short game and Clayton Adam's steal of home plate was the only marker against him.

J. L. Gonzales' liner in the third inning to center was the only one the Seniors collected.

Charles Tartavouille started for the Seniors and was relieved by Clayton Adam, who later also was relieved.

This gives the Seniors a 3-3 record and St. Augustine's 2-0.

They met again Wednesday afternoon. Results of this game will be in next week's column.

This Sunday the Bay Seniors and Bay Juniors travel to Kiln to meet the Kiln senior and junior teams.

In a 2 p.m. tilt the Juniors open their season at the Kiln Youth Center against the Bay Juniors. This will be the second game for the Bay Junior, who early this season defeated Waveland.

In the 3:00 game, at the Kiln School, The Kiln Wildcats play host to the Bay Seniors. Charles Tartavouille will hurl for the Seniors against either Larry Ladner (0-1) or Russell Mitchell (0-1). Tartavouille balked Kiln with a no-hitter early this season.

Clayton Adam, right-handed catfisher for the Bay Seniors, takes either first or second place in all mound pitching departments of the team this week.

Charles Tartavouille started for the Seniors but was relieved in the first by Clayton Adam because of a sore arm. This was Adam's first pitching appearance and he did well, but his support in the field was weak.

Adam was relieved in the fourth by Lewis, who completed the shortened game.

The Seniors' only score came in the fourth when Adam walked and on the next two outs was sent to third and then stole home.

Leading that hit parade was Donato, who went four for four, two triples and two singles. C. Cole went three for three, two singles and a double, as the pitcher Joseph also went three for three—a triple, double and a single.

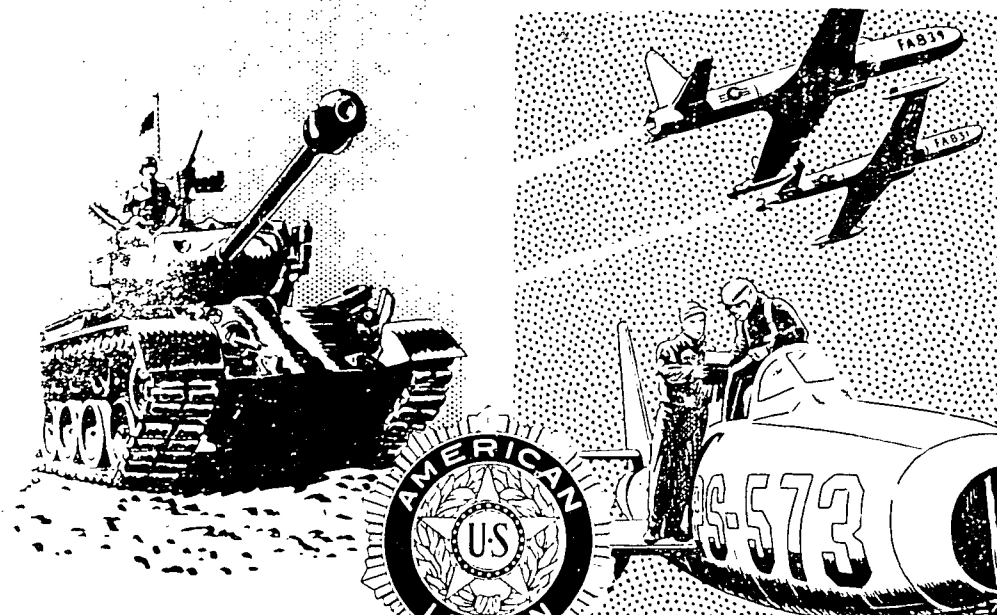

This gives St. Augustine's a 2-0 record and even the Seniors at 3-3.

## ARTHRITIS?

I have been wonderfully blessed with health and happiness. I was afflicted with arthritis for many years, but I have now been restored to active life after many years of inactivity. I am now able to do all the things I love to do, and I am free from the pain and discomfort of arthritis. ## SEMINARY TROUNCES SRS. 12-1 AS JOSEPH RACKS UP HITTER

St. Augustine's Seminary won their second straight game Wednesday afternoon as they walloped the Bay Seniors 12-1 in an abbreviated tilt.

In the five inning contest, Adam was called on a time limit, the students pined together seventeen hits, eight being for extra bases as the Seniors were held to one single. J. L. Gonzales' third inning liner to center, Ronald Joseph, hurling for the Seminary, struck out eight and walked only one and showed fine control in the short game.

Charles Tartavouille started for the Seniors but was relieved in the first by Clayton Adam because of a sore arm. This was Adam's first pitching appearance and he did well, but his support in the field was weak.

Adam was relieved in the fourth by Lewis, who completed the shortened game.

The Seniors' only score came in the fourth when Adam walked and on the next two outs was sent to third and then stole home.

Leading that hit parade was Donato, who went four for four, two triples and two singles. C. Cole went three for three, two singles and a double, as the pitcher Joseph also went three for three—a triple, double and a single.

This gives St. Augustine's a 2-0 record and even the Seniors at 3-3.
